

# 2023 ROCO RESCUE CHALLENGE

OCTOBER 18-19, 2023 — BATON ROUGE, LOUISIANA

Rescue Challenge is a scenario-based event, focused on confined space and high angle rope rescue in industrial and urban settings. Scenarios are designed by Roco instructors to be realistic and challenging. Scores are given and trophies awarded, but Rescue Challenge is really a learning event, with skill-building and improving being the ultimate objectives.

- Document your team's confined space response capabilities.
- Meet annual practice requirements in all six confined spaces types.
- Confirm individual skills proficiency.

## Additionally, your team will...

- Learn from participating in realistic rescue scenarios.
- Gain confidence in your skills and teamwork abilities.
- Enjoy excellent training while interacting with rescue professionals.
- Share ideas, experiences, and techniques with teams from across the nation.

*Rescue Challenge meets the minimum annual practice requirements of OSHA 1910.146.*
